Workplace Health & Safety Regulations 2012 (Prevention of falls) are now in effect. These regulations place obligations on employers to take preventative action if there is any likelihood of an employee being subjected to a fall risk from one level to another. Safe Working at Heights is a must for most employees in the workforce. This course covers all training requirements as detailed in the National Code of Practice - Managing the risks of Falls in the Workplace

## COURSE CONTENT SUMMARY

At the completion of this course, applicants will have a clear understanding of their rights and obligations under the Prevention of falls regulations. They will be able to identify the hazards associated with falls risks & implement effective control measures. Course outline includes:

- Introduction to WHS (Prevention of Falls) Regulations
- Duties of employers and employees
- Hazard Identification
- Hazard control measures
- Duty of Care
- Safe use of Ladders
- Safe use of Scaffolds
- Safe use of Elevated Work Platform
- Passive fall prevention devices
- Work Positioning Systems
- Fall restraint systems
- Fall arrest systems
- Harness Fitting and Inspection

## WHAT DO I DO ON THE DAY?

- 1 x 8 hours—Training is a combination of theory and practical

## WHAT DO I GET ON COMPLETION OF THE COURSE

On successful completion of this course, students will be issued with a Nationally Recognised Statement of Attainment for RIIWH5204E Work Safely at Heights and a wallet sized card. The Unique Student Identifier (USI) must be supplied and verified prior to issuance ([www.usi.gov.au](http://www.usi.gov.au)).
